

Transfer of securities to BNP Paribas Arbitrage Issuance B.V. (“BNPP IBV”) pursuant to Part VII of the UK Financial Services and Markets Act 2000

On 19 November 2015, The Royal Bank of Scotland plc (with its registered office at 36 St Andrew Square, Edinburgh, Scotland) (“**RBS**”) and BNP Paribas S.A. (incorporated in France and with its registered office at 16, Boulevard des Italiens, 75009 Paris, France) (“**BNPP**”), acting through its London Branch, announced that the Court of Session in Scotland had approved and sanctioned the implementation of a banking business transfer scheme, whereby certain assets and liabilities related to RBS’s structured retail investor products and equity derivatives business would be transferred to BNPP pursuant to Part VII of the UK Financial Services and Markets Act 2000 (the “**Part VII Scheme**”).

The Part VII Scheme took effect on 7 December 2015 (the “**Effective Date**”).

On the Effective Date, BNPP, acting through its London Branch, became the issuer of those securities originally issued by RBS that were transferred pursuant to the Part VII Scheme. Immediately after the transfer of those securities to BNPP, acting through its London Branch, the role of the issuer under those securities was transferred, also under the terms of the Part VII Scheme, to BNPP IBV, a wholly owned subsidiary of BNPP. As part of the Part VII Scheme, BNPP guarantees all the obligations of BNPP IBV arising in respect of the transferred securities.

Under the Part VII Scheme, amendments were made to the terms of the transferring securities and to agreements related to them from the Effective Date in order to give effect to the Part VII Scheme, including (but not limited to) references to “RBS”, in its capacity as issuer of the transferred securities, being construed as references to “BNPP IBV”.

Details of the securities that have transferred under the Part VII Scheme as well as further information on the Part VII Scheme generally can be viewed at <http://warrants.bnpparibas.com/>

Transfer of securities to The Royal Bank of Scotland plc pursuant to General Conditions 8(a)

On 12 November 2012, The Royal Bank of Scotland N.V. ("**RBS N.V.**") issued a notice to holders of certain securities (including this security) of its intention to substitute The Royal Bank of Scotland plc, registered in Scotland under No. SC090312, with registered office at 36 St Andrew Square, Edinburgh EH2 2YB ("**RBS plc**") as issuer of the securities in place of RBS N.V., under the contractual right of substitution contained in General Condition 8(a) of the securities (the "**Substitution**"). The Substitution took effect on 13 December 2012 (the "**Effective Date**").

On 19 April 2011, the Boards of The Royal Bank of Scotland Group plc ("**RBSG**"), RBS plc, RBS Holdings N.V. and RBS N.V. announced that they had approved the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS plc (the "**Proposed Transfers**"), subject, amongst other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures. Further information on the Proposed Transfers generally can be found at the following address: http://www.investors.rbs.com/RBS_NV. The Proposed Transfers are consistent with The Royal Bank of Scotland Group plc's efforts to simplify its structure, thereby reducing risk, cost and complexity.

It was also announced that it was expected that the Proposed Transfers would be implemented on a phased basis over a period ending 31 December 2013 and that a large part of the Proposed Transfers, including the transfers of certain securities issued by RBS N.V., was expected to have taken place by the end of 2012. Where available and practicable, statutory transfer schemes have been used to implement the Proposed Transfers.

One statutory scheme used to implement the Proposed Transfers was the implementation of a banking business transfer scheme in respect of eligible business carried on in the United Kingdom by RBS N.V. pursuant to Part VII of the UK Financial Services and Markets Act 2000 (the "**Part VII Scheme**"). The Part VII Scheme took effect on 17 October 2011.

Another statutory scheme was used to transfer to RBS plc a substantial part of the business conducted by RBS N.V. in The Netherlands as well as in certain other EMEA branches of RBS N.V. That transfer was effected by way of a Dutch statutory demerger (the "**Demerger**") of the RBS N.V. transferring businesses to RBS II B.V. (a Dutch company licensed as a bank in The Netherlands that had been established specifically for the purposes of the Dutch Scheme), followed by the merger of RBS II B.V. into RBS plc by way of a cross-border merger (together with the Demerger, the "**Dutch Scheme**"). The Dutch Scheme was implemented on 10 September 2012.

This Substitution was a continuation of the Proposed Transfers.

INFORMATION ON THE UNDERLYING

Performance of Underlying/formula/ other variable, explanation of effect on value of investment and associated risks and other information concerning the Underlying:

General: Fluctuations in the value of the Underlying will have an effect on the value of the Securities throughout the life of the Securities and at maturity/expiration. The value of the Underlying may go down or up throughout the life of the Securities.

Automatic Termination: If the value or performance of the Underlying on any date meets certain specified conditions, it will affect the value of the Securities, and will potentially lead to the automatic termination of the Securities.

Positive Correlation: All other things being equal, positive performance of the Underlying will have a positive effect on the value of the Securities at maturity/expiration, and negative performance of the Underlying will have a negative effect on the value of the Securities at maturity/expiration.

Leverage: All other things being equal, positive or negative changes in the performance of the Underlying will have a proportionately larger effect on the value of the Securities, and

therefore leverage has the potential to magnify gains or losses of the Securities.

No Capital Protection: All other things being equal, the value or performance of the Underlying will affect the value of the Securities at maturity/expiration, to such an extent that the value of the Securities at maturity/expiration may be zero.
